

COMPANY PROFILE

Update: november 2023

ABOUT US

We are an innovative startup that operates in the field of Govtech and Open Innovation Management and we offer services to institutions and companies.

We carry out Club Deal Investors, strategic design and planning, advisory and due diligence, professional services and technological development also using blockchain.

We specialize in the optimal use of the facilitated measures of Industry 4.0 and are ready for the challenges of Industry 5.0 and artificial intelligence (AI). Last but not least, we support the enhancement of all intangible assets and industrial property rights, useful for capitalizing companies.

VISION

Spreading a new digital culture that can be easily used by all, to improve the quality of life of citizens and the performance of businesses.

MISSION

We are focused on creating value for our customers. We offer professional services from an ESG perspective, customized products and industrial, financial and technological development design activities. We use open innovation management techniques, we use blockchain to give value and certainty to data.
